CPA MONTHLY SERIES

8/29 OIT Modernization Update

Agenda

- Argo Placements Coming Statewide in October!
- Georgia Communicare
- Q&A

Argo Placements

What is ARGO Placements?

ARGO Placements is a new tool for DFCS Staff which is connected to SHINES and supports the placement process. It allows all DFCS Staff supporting the Placements process to:

1. Search for DFCS Homes, CPA Foster Homes, CCIs, ILPs, and TLPs for a child by matching the home's attributes to the child's needs – prepopulated from SHINES
2. Create a Universal Application for any placement type by leveraging all available SHINES data

The key outputs are:

1. Weighted Search results showing placement locations that fit the need
2. Contact information for selected Placement locations available in ARGO Placements and SHINES External Documentation
3. Shareable Universal Application available in ARGO Placements and SHINES External Documentation

The screenshot displays the ARGO Placements web application interface. The header includes the Georgia Department of Human Services logo and the text 'Argo Placements'. The main navigation menu on the left contains 'Placements', 'Saved Work', and 'Help'. The top right corner features utility icons for Refresh, New, Reset, Save, and Account. A progress bar at the top indicates the current step: Confirmation, Characteristics, Age & Capacity, Summary, and Search. The main content area is divided into sections: 1) A confirmation step with a toggle for 'I have applied for a waiver/no waiver needed.' 2) A search configuration section titled '1) What types of placements should we search for?' with a multi-select dropdown containing 'DFCS Foster Home', 'Child Placing Agency (CPA) Foster Home', 'Psychiatric Residential Treatment Facility (PRTF)', 'Maternity CPA', 'Maternity Home CCI', and 'Child Caring Institution (CCI)'. Below this is a note: 'Values in green support search. Values in gray support the Universal Application only.' 3) A section titled '2) The following options affect results returned for CCI placements.' with dropdowns for 'CCI Program Designation' (Base Watchful Oversight), 'Special Services Offered', and 'Specialty Programs Offered'. 4) A user profile section for 'Hansen, Nathan' with a 'DOB: 12/21/2017 (Age 5)' and 'Person ID: 9432354'. 5) A section titled '3) Verify the following demographic data for Nathan before moving on.' showing 'VERIFIED ADDRESS' with 'Address1: 1 MAIN ST.' and 'City: CONYERS'.

What are the Objectives of ARGO Placements?

- Improved Quality of the Universal Application
- Configurable Search to assist in finding available Placements and identifying the best locations that meet the child's needs
- Time Savings by having access to a targeted list of placement locations based on search criteria
- Flexible search for placements that match the need, regardless of bed availability
- Enables Collaboration between all DFCS staff supporting a child's placement
- Eliminates process redundancy by leveraging existing data to complete a search or a Universal Application

ARGO Placements is dependent on the current statuses of placements in SHINES

What have we heard after the pilot?

Regions 1 and 5 have been using Argo Placements and recently participated in a survey, some key areas of feedback include:

Data Quality Improvements

Improving accuracy of Home statuses / capacity aligning SHINES and GA+Score with actual

Ensuring home capacities are appropriately reflected in search

Improving the process to maintain home statuses between systems

Improved Training - Set best practices and standards for communicating with providers

We have seen several scenarios where children in complex scenarios were able to find a placement leveraging features in Argo Placements

What will staff see? Phone List

Staff will be able to download a phone list for the homes that have been presented to them

For CPAs – they’re instructed to only contact the CPA Intake contact, they do not have access to the home contact information

For CCIs – they’re given the Admissions Contact

Once received staff are to use this, follow their policies in place, and contact the appropriate contacts to initiate placement

UNIVERSAL APPLICATION PHONELIST

To be used for Placement Assistance, RBWO Program Designation, and Specialized Foster Care Waivers

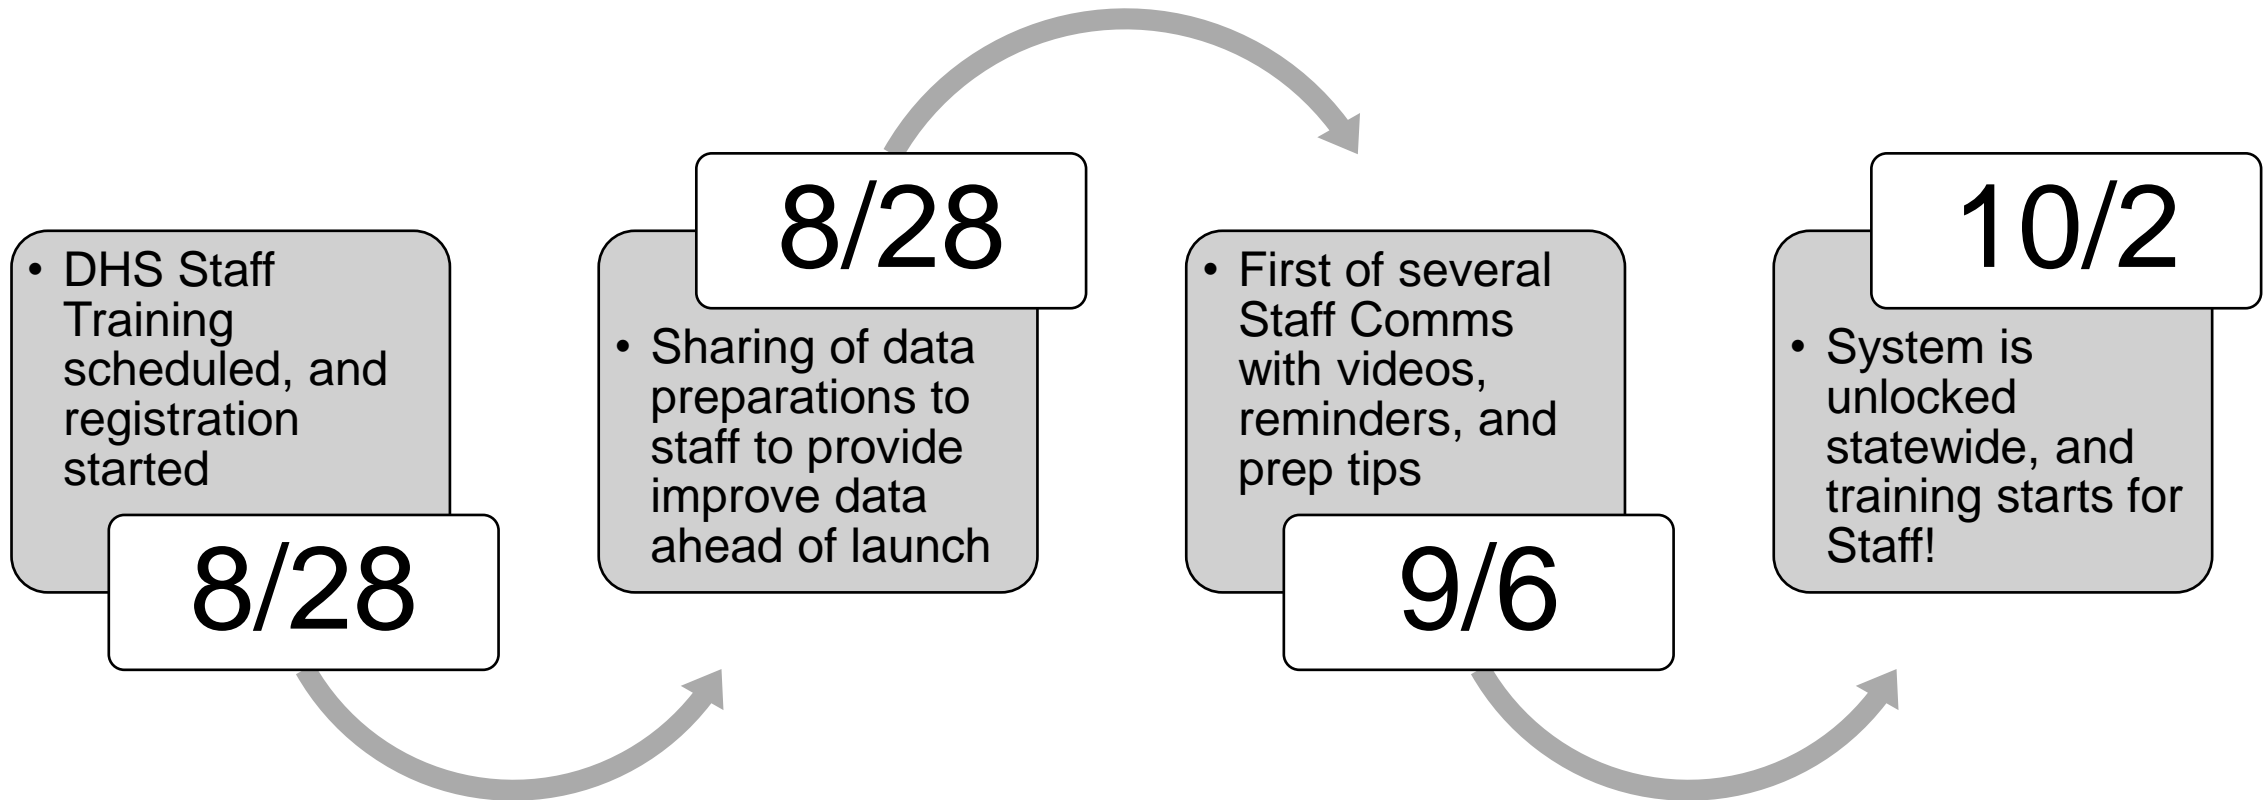

Home: Benefield, Gennie Or Martha			
Open slots	2	Capacity	3
Resource ID	8551543	County	Carroll
Address	1 MAIN ST., TEMPLE, GA		
Non-DFCS Entity	NYAP-East Point		
Non-DFCS Phone Number	<ul style="list-style-type: none"> • Primary: 5555555555 • Bus-Fax: 5555555555 		
Non-DFCS Email Address			

CCI: Georgia Sheriff's Youth - Herrington			
Open slots	7	Capacity	18
Resource ID	8507305	County	Henry
Non-DFCS Certifying Entity	dba Herrington Homes		
Admissions Contact 1 Phone Number	5555555555	Admissions Contact 1 Email Address	mock@data.com
Admissions Contact 2 Phone Number	5555555555	Admissions Contact 2 Email Address	mock@data.com

Argo Placements is Coming Statewide in OCTOBER!!

Upcoming key communications and events to prepare for rollout

There are no trainings for CPAs but we can use your help in preparing to ensure homes are updated accurately in GA Score

PLEASE UPDATE DFCS AND CPA HOMES IN GEORGIA SHINES IN A TIMELY MANNER

Keeping information current saves time for case managers by ensuring children are placed in suitable homes, with the desired home characteristics and capacity.

Capacity

- Make sure current placements are up to date
- Capacity status (open, full)
- Number of available spaces, etc.

Home Status

- Make sure approval status (approved, pending) is up to date
- Availability (closed, available)
- Hold status (on hold, available)

Home Characteristics

- Make sure ages/gender are accepted
- Home Type (medically fragile, respite, specialized)
- Make sure the placement preferences are up to date
 - Emotional behavior (ADD, ADHD, etc)
 - Medical diagnosis (Diabetes, cancer, etc)
 - Exhibited behavior (Animal abuse, etc)
 - Hearing/ Visual Impairments

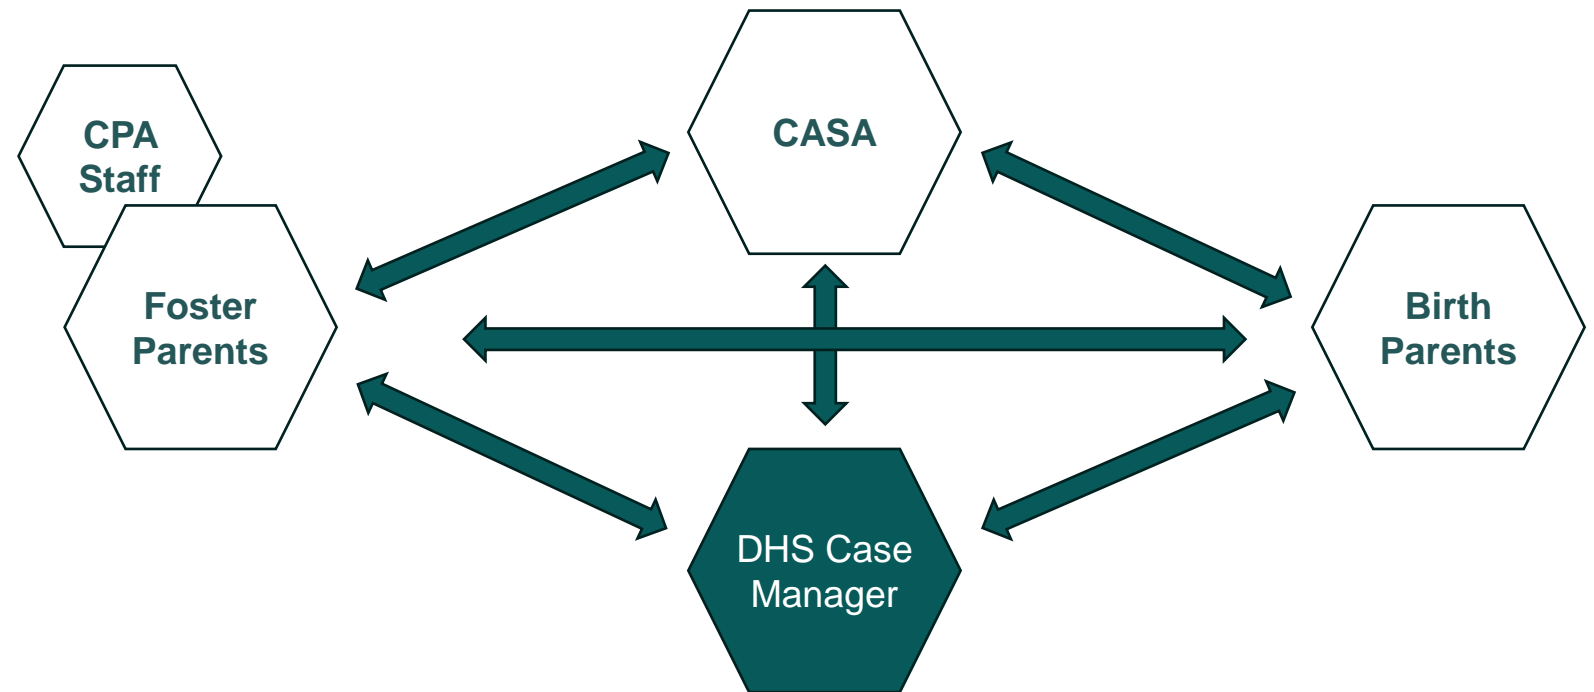

Georgia Communicare

What is Georgia Communicare?

Georgia Communicare is a Portal that enables enhanced and streamlined communication and data Access between DHS Case Managers and external parties to a Foster Care Case.

We are carefully considering all interactions between each user group and ensuring that there are no violations of policy or statute

Documentation and Case Data Access

Users will have access to a wide variety of the documentation and case data that they are obligated to have access to.

Document Access

- Access to a variety of case plans, evaluations, assessments, and standard documents stored in SHINES

Case Data

- Access to a variety of data elements available for the case – Health info, Educational info, placement info

Standard Documentation

- Notice of Privacy Practices, Authorization of ROI, Permanency Timeline, etc.

Contact Logs

- Approved contact types will be available for certain groups

Communications

Users will be able to communicate with each other in a variety of ways

In-App Messaging and File Sharing

- Ability to message with others that are parties to the case - for example, CASAs can communicate to Case Managers, Foster Parents and Parents

In App File Sharing

- Ability to send documents between users and upload into SHINES – for example, foster parents can send documents to a Case Manager who can then approve the document for upload

Appointment Requests

- Ability to schedule a variety of appointments with all parties, including – court hearings, case planning, Parent visit, etc.

Email and SMS Notifications

- All actions trigger a notification to the user – new message for their review, meeting reminders, etc.

Training Offered to CPAs and CPA Foster Parents

CPA Staff and CPA Foster Parents will be offered training to prepare ahead of the 9/30 release:
