

promise 686

2007 Providing Adoption Grants for families to Adopt 4M

2009 Organized as a Nonprofit 501C3

2012 Partnership with DFCS to recruit and provide family support services.

2017 Launched Care Portal in several counties

2018 Launched FAMs (Family Advocacy Ministries)

2019 We Launched the Promise Network, a nationwide model of care

Our mission

Our Mission is to Mobilize the churches to care for vulnerable children and families.

Promise686 equips churches to:

- Raise awareness around the needs of vulnerable children
- Help prevent children from going into foster care by supporting biological families in need
- Recruit and equip foster & adoptive families
- Create Care Communities for those caring for at-risk kids

We call this model **Family Advocacy Ministries (FAMs)**. Ultimately, our hope is to see every child in a safe, loving family, *forever*. FAMs help us get closer to this goal by creating support systems for foster & adoptive families, and biological families in crisis.

FAMs are Family Advocacy Ministries

FAMs help bring about a positive impact in the lives of vulnerable children by:

- Recruiting & Equipping families to care for at-risk kids
- Serving foster & adoptive families, and biological families in crisis
- Advocating on behalf of families and vulnerable children
- Ministering to families and meeting physical, emotional, and spiritual needs

and, hopefully, in time, reunite

To mobilize the church as the largest volunteer base in our communities.

We do this through three very intentional functions

The solution for this crisis is the intentional mobilization of the church to serve and care for children and families through **Prevention, Intervention, Connection**

PREVENTION

Primary Care Community
Temporary Care Community
CarePortal
Resource Center
Service Projects
Support Groups
Special Events
Prayer Team

INTERVENTION

Foster Care Community
Kinship Care Community
CarePortal
Grants
Foster Family Recruitment
