Georgia SHINES Release 13.4

January 18, 2020

System changes include:

Education List Page

- Increased the size to load/display the education history information page without system error
- Allow system to display more than 50 events

Error Message – Help Desk Contact Information

- Updated the Georgia SHINES Help Desk contact number when error message displays

BIP Report - Response Time Report

- Modified to display the correct stage type to which the stage is progressed from INT stage with or without Initial Safety Assessment
- Addresses scenario when stage progressed from INT to INV without an ISA; correctly display stage in the 'Track Assigned To' column when the stage was progressed from INT without ISA

BIP Report - Reimbursability Due Within 45 Days

- Subquery fixed to get the latest secondary assignment on the stage
